OFFICE OF
GENERAL COUNSEL

September 10, 2020

Administrator Wheeler,

Today, I'm announcing my intent to step down as General Counsel of EPA to return to private practice. To serve the American people in this critical role for more than two and a half years has been a tremendous honor. I am grateful to the President for nominating me for this position and for your continuing confidence in me to serve the Agency. Leading the Office of General Counsel (OGC) has been the most challenging and rewarding experience of my career, and I'm proud of the legal record OGC has defending EPA regulations that balance essential environmental protections with impacts to the U.S. economy.

OGC is an incredible institution because it is deeply committed to helping EPA fulfill its essential commitment to the rule of law as EPA advances its important mission. OGC partners in virtually everything the Agency does counseling, supporting, and defending agency actions in the courts. One of my greatest privileges has been working with the brilliant attorneys and staff at OGC. I will greatly miss the opportunity to lead the nation's greatest environmental law office each day.

I wish you all success in continuing to wisely manage the incredible air, water, and land resources that God has so richly bestowed on the American people.

Warmest regards,

Dear Administrator Wheeler,

I am writing to inform you of my resignation from the U.S. Environmental Protection Agency (EPA) effective Wednesday, January 20, 2021. It has been an absolute honor and privilege to serve you and work to fulfil EPA's core mission of protecting public health and the environment.

You have shown how EPA can clean up the air, land, and water while deregulating. Under your steadfast leadership, we have seen environmental progress and economic growth flourish hand-in-hand. From issuing the first-ever Per- and Polyfluoroalkyl Substances Action Plan to deleting 82 Superfund sites from the National Priorities List (matching the Obama-Biden Administration's 8-year total in just four years) and finishing the ozone National Ambient Air Quality Standards review within the congressionally mandated five-year timeframe, I'm proud of what has been accomplished over the past four years that has led to tangible environmental improvements across all indicators for the United States of America.

Thank you for the opportunity to serve.

Serving the U.S. Environmental Protection Agency in this position has been the honor of a lifetime. I am grateful to you for nominating me to serve the American public in this critical role and appreciate the trust of the U.S. Senate in providing its consent to my nomination. I also want to commend you for your appointment of Andrew Wheeler to serve as EPA Administrator. Dear Administrator Wheeler,

Thank you for your leadership and for the opportunity to serve the American people through my work at the U.S. Environmental Protection Agency. I have had the honor to serve in two Presidential administrations, and I am committed to doing my part in facilitating a peaceful transition by serving through the end of the current Administration. Therefore, pursuant to the Memorandum for Presidential Appointees regarding Letters of Resignation, I hereby tender my resignation as Associate Deputy Regional Administrator at EPA effective as of noon on January 20, 2021.

While I was honored to serve the American people during this Administration both at EPA and at U.S. Customs and Border Protection, I was horrified and disgusted with the actions of the mob that gathered and stormed our nation's Capitol on January 6, 2021. I worked in that building, as you have, and it was with great sadness that the world had to witness the insurrection by people with no respect for our democracy and our duly elected officials. Their actions were a direct attack on our democracy, and they should be held accountable.

I am also appalled at the actions of many of our leaders following the presidential election. I believe Joe Biden and Kamala Harris were elected through a free and fair election. In our democracy we should honor the wishes of the American people and support a peaceful transition of power from one President to another. Unfortunately, our President has not adhered to that tradition. In fact, he has attempted to subvert our democracy by spreading a false narrative that the election was fraudulent. I believe this false narrative and the President's irresponsible actions lead to the deadly attack on January 6.

It is regretful that our service comes to an end under this cloud of disgrace caused by our President. I believe we were able to implement several policies and regulatory reforms that are greatly benefitting the American people, protecting human health and the environment while allowing for economic prosperity across the country. We have much to be proud as we exit EPA.

Thank you again for your service and leadership. It is an honor to serve the American people, and I always strive to do so with integrity and respect. I hope to again have the honor to serve our great nation.

Sincerely,

Corry Schiermeyer

Dear Administrator Wheeler:

Please accept my official notice of resignation from the Environmental Protection Agency (EPA) as the Director of House Affairs, Office of Congressional and Intergovernmental Relations, effective January 20, 2021.

I was asked to resign due to a change in administration.

It has been a pleasure to serve under your leadership and to work on behalf of the American people to carry out EPA's mission of protecting human health and the environment. One of the reasons I joined the EPA was to serve alongside you and learn from such a distinguished public servant. You should know that, although I have been on your staff for less than a year, I have grown considerably and reflect on my time positively.

I have spent the last two months thinking about President Trump's failure to accept his legitimate defeat and the past few days reflecting on the horrific events at the U.S. Capitol on January 6. And, while I wanted to resign from my position because of President Trump's failure to accept his defeat and his inciting of violence, I chose to work alongside you until January 20.

As the Director of House Affairs, I still receive inquiries from Capitol Hill every day and have been supporting Members of Congress as they work to understand EPA regulations, assist constituents, or address other issues. The best thing I can do at this time is to support you as you provide for a peaceful transition for President-Elect Joe Biden's Administration and to support the Legislative Branch as Congress carries out its constitutional duties.

You are diligent and faithful public servant who stands by your constitutional oath, and you understand the important roll Congress plays in our government. I hope to work alongside you after January 20 because I admire your professionalism, leadership, and thoroughness.

My forwarding e-mail is (b) (6) and my mailing address can be found on the back of my resignation SF-52 form.

Thank you for your work on behalf of our country.

Sincerely,

Todd Washam

Dear Mr. President:

It has been the honor of my life to serve as the fifteenth Administrator of the Environmental Protection Agency. When you asked me to take over at the Agency you asked me to continue to clean up the air, continue to clean up the water, and to continue to deregulate in order to help promote U.S. jobs. We have accomplished all three. Every environmental indicator has improved, and we have definitively shown that you can have cost-effective and efficient regulations that continue to improve the environment for the American public without costing American jobs.

I am resigning effective noon on January 20, 2021 due to a change in Administrations.

God Bless the United States,
